

FUTUREWOMEN**X** MANIFESTO

We are a global tribe of courageous women.

We are female leaders on a mission
to challenge ourselves and our peers
to be meaningful FutureMakers.

We believe in the power of X
our full potential, multiplied.

We commit to
working on the stickiest issues
leveraging our collective wisdom
finding unforeseen perspectives
creating (more) seats at the table
and catalyzing positive change
for the world we want to live in.

I commit to fully step into this tribe
to discover the FutureMaker in me
and what it takes to truly lead from here.

I will answer the call
to elevate my voice
and that of other FutureWomen

I will do my part
stay young at heart
and dare to inspire everyone.

Together we are
FutureWomenX****
This is our time.
